

## *Margo Received the Hunger Fighter of the Year Award!*

On **March 9, 2023** Margo Loehr was awarded the **Hunger Fighter of the Year Award** from **Second Harvest** (left photo)!

Margo has served breakfast on the levee for 13 years to those without homes.

Mayors, senators, assemblywomen, executive directors, and police officers lined up to give her plaques and awards. It was a fancy affair in which we even ate caviar. We are proud of our Margo who has led many of us into the **compassionate ministry** of **SonRise Kitchen** here at Westview.

In her speech she spoke about how we don't just serve breakfast, but we serve love, getting to know the people by name, hearing their stories, and helping them in any way we can.

**Thank you, to all of you who support this much needed ministry of Westview!**

Margo now has an office at the church in the north bell tower. Her office was very beautifully painted by the Men & Women who are seeking to move out of homelessness and are in the job training program of CAB (Community Action Board). Thank you to Filipe, the supervisor, and to the men and women who helped! (Right photo – Margo admiring her newly painted office with Filipe).
