

## Compassion Child

Did you know the Deacons support a child through Compassion International since 2021? Her name is Adrija (right photo). She is from Bangladesh. She is now six years old and is attending the activities at St. John's Rahutpara COB. Adrija lives with her mother, father and sister. She loves the three main festivals in her village: Christmas, International Language Day and Children's Day.

Mary Lou Hoffman corresponds with Adrija on our behalf.

Recently Adrija, through the help of her teacher, wrote:

“Thank you for supporting me. I got a dress, shoes, a school bag, dolls, a cake and candies from the project (for her birthday gift we sent). I am also so happy to get fruit plants from the project. It is heavy raining here. Do you get rain there? I am learning from my mom many things. My family prays for you. God bless you abundantly!-Adrija

If you would like to sponsor either a Compassion or World Vision child go to their website to sign up or contact Mary Lou Hoffman or Pastor Dan and they can help you (Compassion.com, Worldvision.org).

Many members of Westview sponsor either a child from Compassion International or from World Vision. Thank you!
